

40 For the Future!

Be one of 40 generous community members who help us build an inpatient unit in our new Hospital.

Your gift of \$25,000 (payable over five years) to the *Our New Era* Campaign will help us meet this critical goal by supporting one of the brand new single patient rooms on the unit.

Your generosity will count you amongst an exclusive group of donors who will **each be recognized through the dedication of a single patient room on the unit.** Patient rooms can be named for individuals, families, or in honour or memory of a loved one.

The building of the new Joseph Brant Hospital provides a once-in-a-lifetime opportunity for our community to come together to build a state-of-the-art healthcare facility, right here, close to home.

Make your mark on the future of healthcare in Burlington!

HIGHLIGHTS OF OUR NEW INPATIENT UNITS AND SINGLE PATIENT ROOMS INCLUDE:

- All rooms on inpatient units will be single-patient rooms to achieve the highest standards in infection prevention and control, while enhancing patient and family comfort and dignity
- Natural light and views of Lake Ontario from large windows will provide a comfortable healing environment
- Private washroom including shower
- Fully accessible with large doorways to facilitate mobility equipment including wheelchairs and walkers
- Dedicated family area furnished with sleeper chairs so that family members can be accommodated comfortably for extended periods of time

“The new patient tower will incorporate design elements that will enhance a welcoming and healing environment for our patients, their families and our staff and allow us to recruit and retain the very best health professionals able to provide the highest quality of care to the patients of Burlington and surrounding communities.”

Arshad Hack
Chief, Department of Family Medicine, JBH
